

Planning Ahead at Rock Creek Cemetery

For generations, DACOR members and their families have valued thoughtful planning, legacy, and peace of mind. Prearranging cemetery and memorial wishes at Rock Creek Cemetery is a meaningful way to ensure your personal preferences are honored while easing future emotional and financial burdens on those you love.

Planning in advance provides clarity, protection from rising costs, and the reassurance that important details have already been handled.

Over the last decade, cemetery and burial-related costs have continued to rise. Families who prearranged services years ago were able to secure pricing and avoid thousands of dollars in additional expenses. The comparison below highlights the increase in costs from 2016 to 2026 for common casket burial expenses at Rock Creek Cemetery.

Service	2016 Cost	2026 Cost	Increase
Grave site	\$5,900	\$7,788	\$1,888
Double Depth Professional Services	\$2,000	\$2,577	\$577
Concrete Grave Liner	\$800	\$1,265	\$465

To make planning even more accessible, payment options are available, allowing families to comfortably arrange final expenses while securing peace of mind for the future.

Planning ahead is one of the most meaningful gifts you can leave your family, with reassurance when it matters most.

Please note that only former FSOs and their family members are eligible for burial at this time.
